The key title here is (1983), whose eponymous protagonist regularly changes his personality, nationality, shape, and ethnicity.. But this phone call had a number of concrete effect – Hal was sent to prison, where he committed suicide; Jasmine's privileged lifestyle came to an end; her son (actually a stepson, another performed familial connection) cut all ties with her, and now claims to have "become a different person" – which cannot be erased by stylish gestures.. If the 'true' Zelig could not be revealed while he was imitating those around him, Jasmine will cease to exist if she stops acting (hence her constant monologues, delivered to anyone who will listen, or to herself).. Rich as it may seem when viewed in isolation, it looks much richer in the context of its creator's body of work.. Yet when she returns to her society-hostess persona after meeting the wealthy Dwight Westlake (), she is accused of having misrepresented herself.

Whereas Zelig could fit in anywhere, Jasmine fits in nowhere She's constantly upbraided for getting the details of proletarian existence wrong: she flies first class, turns her nose up at the thought of menial employment and despises Ginger's working stiff boyfriend.. Jasmine is a strikingly Zelig-like figure, though her situation is far more tragic.. Her dilemma recalls that of Chris Wilton () in (2005), who meticulously eliminates all trace of his plebeian roots in order to be accepted by his wife's aristocratic family.. The sisters' past history is notably vague ("Our paths just went in totally different directions"), and since they both appear to have assumed the personalities of their husbands, we are never certain whether it is Jasmine or Ginger who has deviated from her 'authentic' background – an ambiguity stressed by the casting of Australian and British actresses who are 'doing' American accents.. Blue Jasmine (2013) op MovieMeter.nl Was een tijdje geleden dat ik een film van Allen zag, maar heb weer genoten mede door de glansrol van Blanchett.. Yet Allen is at pains to remind us that, if all gestures are performed, they nonetheless have consequences..
